It is highly advised to additionally verify the authenticity of the downloaded PGP key. PGP has the “Web of Trust” concept, when a key is signed by someone else’s key, that in turn is signed by another key and so on. It often makes possible to build a chain from an arbitrary key to someone’s key who you know and trust personally, thus verify the authenticity of the first key in a chain ...

With many Liverpool supporters seemingly keen to see their side retain the championship to bequeath greater authenticity to the delayed victory parade we're still owed for last season, it's rather slipped under the radar that a 20th title would see the Reds draw level with United on leagues won for the first time since they won their 19th in 2011. So for United to suddenly be in with a ...
