Metz flash update - device not seen by the computer. Hallo, I would like to update the firmware of my Metz flashes M400 and 64 AF-1. I have downloaded and installed the updater sw from Metz. Unfortunately the process stops already by that the computer does not see the flashes as a USB device. I have tried several cables already, on different ports, but nothing helps. And as long as the ...

I've been doing quite a bit of flash photography recently, using just one off-camera flash - a Metz 52 AF-1 (actually, I have two, but one is for Pentax and the other for Sony). I had a small amount of money sat in my PayPal account - a refund from an earlier abortive purchase - and decided I'd put it towards some additional lighting. What I ended up with is two new Powerextra DF-400 manual ...

Translating the guide number into real world situations, I found that full power gave me a meter reading of f/8@ISO 100 with the flash 10 feet away and the zoom head set to 50mm. Changing the zoom position to 200mm increased the reading to f/11 ½ in the same situation. Add-ons and accessories. Included in the two-flash kit I received were feet/stands with a brass tripod thread in the base, a ...

Note: The guide below demonstrates how to manually complete the steps we recommend for new Ubuntu 18.04 servers. Following this procedure manually can be useful to learn some basic system administration skills and as an exercise to fully understand the actions being taken on your server. As an alternative, if you wish to get up and running more quickly, you can run our initial server setup ...
