Design systems. We have a tendency to do it on the web, too, when people publish their design systems. Don't get me wrong. I love the fact that companies are making their design systems public. It's something I've really lobbied for. I've encouraged people to do this. Please, if you have a design system, make it public so we can all learn from it. I really appreciate that people do ...

so, 10th house signficators are Sun, Saturn, Moon, Venus, Jupiter, Mercury, Rahu TIP: If there is no planet(s) in the star of signficators, signficator(s) are considered strong. In above case, as Jupiter doesn't have any planet in its star, hence it is a strong signficator for 10th house by occupation and also by lordship if the house is empty, which is not so in this case.
