As a next step to the February announcement, SAP is giving a follow-up product and maintenance strategy update, especially for SAP NetWeaver and SAP BW/4HANA. SAP has decided to align the maintenance strategy of SAP NetWeaver 7.5 with SAP Business Suite 7 for a safe transition to SAP S/4HANA. This means that SAP NetWeaver 7.5 will be supported ...

Because you should have begun testing back in phase 2, you do not have too far to go until Go-live. Now is an important time to perform preventative maintenance checks to ensure optimal performance at your SAP system. At the conclusion of phase 4, take time to plan and document a Go-live strategy. Preparation for Go-live means preparing for ...

With the right approach, you can migrate mission-critical SAP systems to Azure for maximum cost savings, and gain agility and uptime. Microsoft—partnering with the Azure Customer Advisory Team—evaluated our SAP systems with two strategies. First, we started by moving environments with the least user and business impact—like our sandbox.
