[The Shifting Paradigms The Changing](#)

A paradigm shift, a concept identified by the American physicist and philosopher Thomas Kuhn, is a fundamental change in the basic concepts and experimental practices of a scientific discipline. Even though Kuhn restricted the use of the term to the natural sciences, the concept of a paradigm shift has also been used in numerous non-scientific contexts to describe a profound change in a ...

paradigms has been stimulated by a growing dissatisfaction with the patent overemphasis on quantitative methods. But as efforts were made to build a case for a renewed interest in qualitative approaches, it became clear that the metaphysical assumptions undergirding the conventional paradigm (the "received view") must be seriously questioned. Thus the emphasis of this chapter is on ...

Lee depicts characters who resist conforming to the paradigms of masculinity and femininity and instead fill middle positions between the stereotypes, as Scout's tomboyism exemplifies. After encountering different models, Scout consistently exhibits these gender-bending inclinations. Scout's exploration of her identity as a tomboy functions as her coming-of-age journey. INDEX WORDS: Tomboy ...
